Description

This **Rodman Muse 44** from 2021 with low engine hours is lying in Port Vauban, Antibes. Offering a spacious layout with 3 double cabins, a light and modern interior, big comfortable fly bridge and a large teak hydraulic swim platform. The large Volvo Penta 600's with IPS drives are highly appreciated making manoeuvres easy especially in port and when mooring.

The berth in Port Vauban is available to rent or buy if you are looking to keep the boat on the French Riviera. The boat has just had the hull antifouled and the engines services (March 2023)

Additional Information

Description from the Rodman Dealership in the UK

The Rodman Muse 44 is in a class of its own, with an exterior design and interior spaciousness that are unique. The Rodman Muse 44 underwent a restyle in 2020 and new models benefit from new hull windows, new helm console design, updated and modern interior materials and larger side windows to the saloon. There is the option for a coloured hull and superstructure mouldings, which really make this beautiful boat stand out from the crowd.

The vessel combines its pure lines, elegance and character, with a use of space not seen among her rivals. She cleverly conceals 3 spacious, double berth cabins, two large heads with walk in showers and being powered by the Volvo Penta IPS system she fulfils her purpose without compromising on style.

The Volvo IPS drives offer fantastic maneuverability and performance, and with the Muse 44 you have the choice of the Volvo D6 IPS 500 or the D6 IPS 600 engines.

The flybridge and the cockpit are both designed to ensure a comfortable sail in good company, and the large teak bathing platform is perfect for diving into inviting waters. An optional BBQ unit is available for both of these exterior spaces.

The Muse 44 benefits from Rodman's quality system and craftsmanship, exhibiting excellent build quality and solid sea keeping. Attention to detail ensures a supreme sailing experience.
